## IPHC Fishery Regulations: minor amendments

PREPARED BY: IPHC SECRETARIAT (19 DECEMBER 2018 & 31 JANUARY 2019)

---

### PURPOSE

To improve clarity and consistency in the IPHC Fishery Regulations.

### BACKGROUND

This proposal would make minor amendments to the IPHC Regulations. These revisions to the regulations would include:

- Updating and clarifying existing fishery regulations;
- Reordering regulations for clarity and emphasis.

### DISCUSSION

Periodically, regulations should be reviewed to ensure they are clear, consistent, and up to date as a whole. These revisions to the IPHC Fishery Regulations are a result of a holistic review. The primary revisions resulting from this review are described below, and will be provided to the 95<sup>th</sup> Session of the IPHC Annual Meeting (AM095) in detail:

- Updating and clarifying fishery regulations
  1. Section 1, Short Title, would be removed as it is no longer necessary.
  2. The current Section 4, Limits, would be re-titled Fishery Limits. [This section would also be amended in accordance with [IPHC-2019-AM095-PropA1](#), if approved.]
  3. Section 5, Licensing Vessels for IPHC Regulatory Area 2A, would be amended to make it clear that vessels in IPHC Regulatory Area 2A may hold both a license for directed commercial fishing AND a license for the incidental catch during the sablefish fishery.
  4. Section 15, Careful Release, would be amended to include the application of both minimum and maximum size limits, in order to make the section applicable to all fisheries.
  5. Section 22, Retention of Tagged Pacific Halibut, would be revised to make it clear that tagged fish do not count against commercial or recreational limits.
  6. The table of commercial catch limits would be removed from the current Section 12, Commercial Catch Limits, as this information is available in Section 4, [Fishery] Limits and is therefore redundant. Section 12 would be retitled Application of Commercial Fishery Limits.
  7. References to specific fishery sector allocations would be removed from Sections 23 (Fishing by United States Treaty Indian Tribes), 27 (Sport Fishing for Pacific Halibut—IPHC Regulatory Area 2A), and 29 (Sport Fishing for Pacific Halibut—IPHC Regulatory Areas 2C, 3A, 3B, 4A, 4B, 4C, 4D, 4E), as this information is available in Section 4, [Fishery] Limits and is therefore redundant.

8. Section 18, Receipt and Possession of Pacific Halibut, would be revised to make it clear that IPHC Regulatory Area 2A is included in Paragraph 6 as intended.
  9. Minor edits would be made throughout for stylistic consistency among Sections.
- Reordering fishery regulations for clarity and emphasis
    1. The sequence of sections would be revised as indicated in the following table, and all sections would be edited as necessary to reflect the new sequence:

<b>Previous Section No.</b>	<b>New Section No.</b>	<b>Section title</b>
