Update on actions arising from the 96th Annual Meeting (AM096) and 2020 Inter-sessional Decisions

PREPARED BY: IPHC SECRETARIAT (D. WILSON; 13 OCTOBER 2020)

PURPOSE
To provide the Commission with an opportunity to consider the progress made during the inter-sessional period in relation to the direct requests for action by the Commission during the 96th Session of the IPHC Annual Meeting (AM096, February 2020), and 2020 inter-sessional decisions of the Commission.

BACKGROUND
At the 96th Session of the IPHC Annual Meeting (AM096), Contracting Parties agreed on a series of actions to be taken by Commissioners, subsidiary bodies, and the IPHC Secretariat on a range of issues as detailed in Appendix A.

In addition, following amendments to the IPHC Rules of Procedure in 2019 and again in 2020, the Commission possesses a clear process for inter-sessional decision making and tracking. Throughout 2020, the Commission made a number of inter-sessional decisions with the aim of improving governance and responsiveness of the organisation, as detailed in Appendix B.

DISCUSSION
Noting that best practice governance requires the prompt delivery of core tasks assigned to the IPHC Secretariat by the Commission, at each subsequent session of the Commission and its subsidiary bodies, attempts will be made to ensure that any recommendations for action are carefully constructed so that each contains the following elements:

1) a specific action to be undertaken (deliverable);
2) clear responsibility for the action to be undertaken (i.e. a specific Contracting Party, the IPHC Secretariat staff, a subsidiary body of the Commission, or the Commission itself);
3) a desired time frame for delivery of the action (i.e. by the next session of a subsidiary body, or other date).

This involves numbering and tracking all action items from the Commission, as well as including clear progress updates and document reference numbers.

RECOMMENDATION/S
That the Commission:

1) NOTE paper IPHC-2020-IM096-03, which provided the Commission with an opportunity to consider the progress made during the inter-sessional period, in relation to the direct requests for action by the Commission during its 96th Annual Meeting (AM096, February 2020), and 2020 Inter-sessional decisions of the Commission.

The amendments (provided at Appendix IV) modify the deadline for submission from 15 March to 29 May 2020.
